### About AAJ's Bicycle Litigation Group

The Bicycle Litigation Group focuses on issues that directly relate to injured cyclists, including products liability, motor vehicle collisions, roadway design, and government liability. The purpose of this group is to create a structured forum for AAJ members to share information and strategies as well as improve their advocacy on behalf of injured cyclists.

### NEW! Bicycle Crash Litigation Packet from AAJ's Exchange

The recently published *Bicycle Crashes* Litigation Packet provides an overview of three types of bicycle crash cases: bicycle versus motor vehicle, dooring, and improper roadway design. The packet includes complaints, motions, interrogatories, requests for production, transcripts of openings and closings, and settlement letters from over 25 cases from across jurisdictions and circumstances.

members-only rate. Call for details.

Paralegals may register for webinars at the attorney registration fee. Additional registrants using the same phone line pay a registration fee of \$65.
